1. Tabulations were obtained, which were drawn up on the basis of daily operation reports issued by the Berlin regional railroad headquarters for the period of 24 August to 6 September 1950. They concern:

a. Number of trains turned over to and accepted by the Poles in Frankfurt/Oder. *

b. Number of trains turned over to and accepted by the Poles in Kuestrin-Kietz (O 53/V 66). **

c. Daily consumption of locomotive coal in the Berlin railroad district. ***

25X1A * [REDACTED] Comment: For tabulations see Annex. The volume of traffic reported continues to be normal. It is not clear whether the scheduled Berlin-Brest Litovsk express train and the two leave trains operating between Frankfurt/Oder and Brest Litovsk are included.

25X1A ** [REDACTED] Comment: The volume of traffic at this point was also normal.

25X1A ** [REDACTED] Comment: The consumption of coal has increased since April 1950 when averaged 2,088 tons per day. This rise is probably due to a seasonal increase of traffic, i.e., harvest shipments.

1 Annex: Frankfurt/Oder and Kuestrin/Kietz Border Crossing Points.
